EXPERIENCE

REVERSIDE – Kolkata, India

Salesforce Developer   *Jul 2023 – Ongoing*

- Accomplished a 20% increase in project delivery efficiency, as measured by reduced project timelines by an average of 2 weeks per project, by leading a team of 5 developers and fostering collaborative efforts.
- Accelerated a 15% improvement in overall system efficiency by integrating third-party applications via REST API and Einstein Bots. This delivered annual savings of $50,000 through reduced manual labor.
- Reduced issue resolution time by 30% and decreased post-deployment issues by 25%, which led to a 10% increase in customer satisfaction scores, by spearheading a comprehensive debugging and testing strategy.
- Boosted a 20% increase in team productivity by encouraging strong communication, problem solving, and team collaboration, as evidenced by successful project delivery in virtual environments.

DELOITTE DIGITAL – Kolkata, India

Associate Engineer   *Oct 2020 – Jun 2023*

- Achieved a 30% increase in user adoption and a 20% improvement in system performance by leveraging diverse Salesforce development skills, including Apex, Lightning Component, SOAP and REST API's.
- Orchestrated a 15% improvement in global teamwork efficiency in a fast-paced scrum-based agile setting; optimized communication channels with onshore teams, resulting in a 25% reduction in gaps.
- Executed CI/CD pipeline, trimming deployment time by 35% and boosting system functionality by 15%. This led to a cost savings of $40,000 annually in reduced downtime and increased productivity.
- Championed the creation of clean code, which measured a 40% reduction in post-deployment issues and fortified overall system stability. This contributed to financial benefits exceeding $60,000 annually.

FEXLE SERVICES PVT. LTD. – Jaipur, India

Associate Software Engineer   *May 2019 – Apr 2020*

- Minimised data errors by 25% and improved system responsiveness by 30%, leading to a 22% increase in data accuracy, by engineering and optimizing validation rules and implementing triggers.
- Increased development productivity by 30%, by leveraging expertise in Apex, SOQL, Flows, Profiles, Permission Sets, Security, and Sharing Rules to drive innovation and efficiency in development processes.
- Saved onboarding time for new team members and stakeholders by 30% by enhancing the accessibility of technical documentation.

RELEVANT PROJECTS

Core Connect
- Empowered administrators with user-friendly and intuitive UIs, reducing development effort by approximately 60% and accelerating data layer configuration.
